

## Remapping Disclaimer

We offer full ECU (engine control unit) remapping service for various makes and models of vehicle. We strive to provide a high level of service and customer satisfaction in all cases. We only use established and tested ECU reprogramming tools to ensure the highest level of reliability and service.

**Engine Control Unit (ECU)** - While carrying out remapping and reprogramming of the vehicle ECU, we take full responsibility for the engine control unit and its operation. In the unlikely case that any issue arises during the flash programming process of the ECU, then we will strive to carry out recovery, repair or replacement of the ECU as required.

**Mechanical / Electrical faults** - We do not accept liability for any other vehicle mechanical or electrical failure or faults prior or after the remapped ECU software has been installed.

**Engine / Vehicle Health** – It is the customers responsibility to ensure the vehicle and engine is in good health when provided to us for remapping. We reserve the right to refuse to provide our remap service if issues are identified with the vehicle following our own initial diagnostic and health check.

**Vehicle Warranty** – It is the customers responsibility to ensure their vehicle warranty is not affected by the remap which will be detectable by dealer level diagnostics.

**Insurance** – it is the customers responsibility to inform their insurance company about any modification to their vehicle.

**Gains** - Accept all power/torque gains from your ECU remap are approximate, as are the actual figures of your engine's quoted power and torque figures from your car manufacturer.

**MPG** - Accept the fuel efficiency of your vehicle after a remap depends on a number of factors including but not limited to: outside temperature, driving style, tyre pressures, fuel quality, and regular and correct service maintenance of your vehicle.

**Return to Stock** – In all cases possible, we will carry out full backup of the vehicle ECU software that was previously running on the vehicle as provided to us. This will allow the customer to return to their previous ECU software if ever required. Charges may apply.

I have read, understood and accept the above disclaimer and wish to proceed with remapping my vehicle:
